QCSportsNet.com Expands to Five Schools, Adding Bettendorf Bulldogs **United Township football also added to live play-by-play coverage**

QCSportsNet.com, the leading provider of live high school sports play-by-play in the Quad Cities, takes another step forward in 2018-19, adding coverage of United Township Panthers football, as well as Bettendorf Bulldogs football and basketball. This brings to five the number of schools covered by the live webcasts on QCSportsNet.com, with the total number of games expected to be around 200 for 2018-19.

For the five athletic programs now under their umbrella – the Rock Island Rocks, Moline Maroons, United Township Panthers, Bettendorf Bulldogs, and Pleasant Valley Spartans – QCSportsNet.com will provide live coverage of all regular season football and boys basketball games and specially selected girls basketball games, as well as all post-season action.

Any businesses interested in sponsoring coverage of anywhere from one to five schools can contact Ken Jacoby at (309) 912-5135 or ken.jacoby@mchsi.com for more information.

“The passionate fans of Quad Cities high school sports deserve the kind of high quality coverage we’ll bring them,” said QCSportsNet president Ken Jacoby. “We’re really excited about the new additions to our announcing team.”

The lead announcers for each school are expected to be:

Rock Island – Ken Jacoby, former Mallards play-by-play announcer in his 7th year calling Rocky games

Moline – Redrick Terry, WHBF-TV morning news anchor and former award-winning sportscaster at Western Illinois University

United Township – Joe Winkel, a UT grad now in his 6th season calling Panthers games.

Bettendorf Bulldogs – Jason Kempf, lead play-by-play announcer for the Quad Cities River Bandits

Pleasant Valley Spartans – Dallan Christensen, founder of QCSportsNet in his 6th straight season calling Spartans games
