**The Riverfront Grille Rock Island vs Moline Listener Challenge**  
**The winning team gets a \$100.00 donation to school district's foundation**

Fans of Moline Boys Basketball have been setting records this season for listenership to live, free play-by-play on QCSportsNet.com. Saturday's game vs Chicago Simeon set the all-time record for most listened to regular season basketball game in the history of the network!

Now, in the Riverfront Grille Rock Island vs Moline Listener Challenge, Rocky fans have a chance for revenge, on or off the court, when the teams tip off this Friday. QCSportsNet.com will have two separate live broadcasts at Wharton Field House, with Ken Jacoby calling the action for Rock Island, and Joe Winkel and Danny Peal announcing the game for Moline. Whichever channel has more listeners, Riverfront Grille restaurant will make a \$100.00 donation either to the Rock Island-Milan Education Foundation (RIMEF.org), or to the Moline Public Schools Foundation (molinepsf.org).

Rock Island fans, remember – It's Moline who's been setting records this season, so you'll need a lot of networking to get the W. Make sure people know – whether they're going to the game or not – they can tune into the live play-by-play – absolutely free – on QCSportsNet.com.

Moline fans, you've gotten it done all season. This is no time to look ahead to Saturday's battle of Top 5 teams when the Maroons face Rolling Meadows at Glenbrook South. Gotta take care of business at home first to stay unbeaten in conference play – That's on the court, and in the listener tallies.

We'll be reminding you all week online about the Riverfront Grille Rock Island vs Moline Listener Challenge, so remember to join your favorite team, Friday at 6:45 p.m. on QCSportsNet.com!
